

# How Mountain Girls Can Love

*INTRO Banjo solo over VERSE*

## **CHORUS**

D |A  
Get down boys, go back home  
E |A  
back to the girl you love.  
D |A  
Treat her right, never wrong  
E |A  
How mountain girls can love.

## **INSTRUMENTAL OVER VERSE**

A |A  
Riding in the night in the high cold wind  
|E |A  
on the trail of that old lonesome pine.  
A |A  
Thinking of you and feeling so blue  
|E |A  
Wondering why I left you behind.

## **CHORUS**

Remember the night when we strolled down the lane  
Our hearts were gay and happy then.  
You whispered to me as I held you close  
I hope this night will never end.
