

# Sophonie

*C* *F*  
Love em and leave em, kiss em and grieve em  
*G* *C*  
That used to be my motto so high  
*C* *F*  
Till my Sophronie left me so lonely  
*G* *C*  
Now there's teardrops in my eyes

My Sophronie's from Kentucky, she's found another man  
Can't even kiss her, can't even hold her hand  
Oh when we used to love beneath the stars up in the sky  
But now I'm just a hotshot with a teardrop in my eye

## ***Chorus***

I used to slay the pretty girls from Maine to Alabam  
I love 'em very much, and then I let them down  
I seen so many pretty eyes and filled with bitter tears  
Find em, forget em, but now I have my fears

## ***Chorus***

Till Gabriel blows his bugle, I'll be lovin that sweet girl  
She means more to me than the whole wide world  
I used to be a killer with the women me oh, my  
But now I'm just a hotshot with a teardrop in my eye

## ***Chorus***
